

# Like the sun

Refr: We all share one world,  
let's help and open our hearts  
We're brothers, we are sisters  
we all share one world

1. Like the sun shine's on everyone  
shine's on everything  
Reach out to those in need,  
to share what's given to you
2. The sun's destiny is to shine strong,  
spreading warmth and light  
God's also calling you  
to spread hope and joy

Refrain

3. The sun shines fairly on all,  
so also we should be fair  
Not letting country,  
faith or race divide
4. When there's little light in my life  
I'm feeling troubled or sad  
What a joy, what happiness  
to have someone's helping hand

Refrain
